- 1.27 EQUIPMENT SPECIFIED** The contractor shall submit bid prices for the items in the proposal based upon the equipment named. If the contractor is proposing an alternate product or equipment, the contractor must submit page 48 entitled “Application for Acceptance of Substitute Equipment and/or Material” at the time of bid for consideration. The use of alternate product or equipment which the contractor believes to be equal to that specified must be in accordance with the following:
1. All other additional costs incurred by the Owner as a result of the substitution of any product or equipment shall be borne by the contractor.
 2. All deductions or additions as a result of a difference in costs between the product and equipment shall be deducted from or added to the contract. The contractor shall state the difference in product or equipment costs of any proposed substitution.
